

Vigo Primary School

Physical Education Action Plan - 2024/2025

Strategic Lead: Mr Burdock, Mr Holmes

Position Statement: Physical Education has gone through a development cycle that is now embedded across the school. The use of Complete PE has given staff more confidence in the delivery of the subject. There is a great focus on the learning journey that pupils are on from Year R to Year 6. We have developed a really strong sense of extra-curricular sport across the school that pupils and staff both support and thrive. A wider variety of extra curriculum activities are being delivered by different members of staff. There has been a school and local area focus on providing opportunities for children that do not participate in physical activity. PE has changed leadership and we are looking forward to developing the subject further.

Target: To outline how we assess pupils against the school and complete PE criteria.

Success Criteria –

Identify with SLT the foundation subject assessment expectations.

Compare how other schools assess for PE.

Identify how class teachers will assess individual children against the complete PE learning objectives.

Deliver to staff how we will assess children in PE to staff.

Interim data milestone 1

What you want to see by Dec.

- On going discussions about what assessment should look like in PE with SLT and other schools.
- Outline how staff should be assessing using the complete PE criteria and how this links to overall assessment.

Interim data milestone 2

Feb

- Trial assessment

Interim data milestone 3

End of year

- Clear assessment system used by all staff
